

MOVING STEEL

AROUND THE WORLD

BUILD YOUR MATERIAL HANDLING ON A SOLID FOUNDATION.

Why are there Paling CTS Heavy Transporters hard at work in many of the world's most advanced steel mills? The reason is simple. Efficiency.

No other mechanical self-elevating transporter matches the cost efficiency of the Paling CTS Heavy Transporter, both in terms of operation and maintenance.

Consider a Paling CTS Heavy Transporter for your steel plant. Engineered for the ultimate in quality and customized to your specific needs, the Paling CTS is truly the transporter of the future.
